In this Third Symposium which is organized and held jointly by the Ukrainian Umbrella Association of Psychotherapy, the European Association for Psychotherapy, and the Czech National Association for Psychotherapy, we are pleased and proud to have distinguished speakers Professor Marek Preiss and Professor Emmy van Deurzen giving their important presentations for Ukrainian Psychotherapists and European Psychotherapists.

We are also proud to present the outcome of several studies related to the mental health and resources of Ukrainian psychotherapists as specialists at the forefront of social and mental changes. The results of this study will be presented by speakers Volodymyr Pogorilyy in the context of a sample of those Psychotherapists who left Ukraine, and Professor Kira Sedykh on the sample of those who remained in Ukraine. Finally, Olena Dobrodnyak, Head of the System and Family Therapy Section of the UUP will summarise the overall findings of the report.

A certificate of attendance will be sent to all those who attend the Symposium.
